## A Very Remarkable Sale of A. & S. Made-in-America Black Satin

**\$12,430 Worth to be Sold for \$8,220**

This, you will understand, is average saving of ONE THIRD on a range of Black Satins of which we are sufficiently proud to have our own name woven in the selvage of each yard.

Furthermore, we give it as our sincere belief that

### You Will Not Be Able to Buy Such Silks at Lower Prices

either now or later—which practically amounts to the manufacturers' "low-price guarantee."

Women have bought these fine silks by the thousands of yards at their regular prices, which are now so summarily

reduced. The satins are all-silk, splendidly finished and give admirable service.

There are times when it pays to "wait for lower prices," but this is not one of the times. The sensible thing is to BUY NOW!

## Sale of Superb Diamond Cluster Rings

**\$67 : \$93 : \$148**

A clear sweep of one-third off of the entire price of these diamond cluster rings is what makes this sale such a record-breaker.

If you have been waiting to buy the engagement ring, think what a chance this is; or if you want to give some one a really wonderful gift for the holidays, or for any time, here it is at a price that is almost inconceivably low.

And they are such beautiful rings, the kind we sell hundreds of at their regular prices. They are seven-cluster diamonds, so cleverly mounted that they give the impression of being one gleaming solitaire, set in platinum, with prongs and shanks of 14-k gold.
